To have your order included in a combination load, a minimum order of \$250.00 is necessary, and delivery will be made as soon as enough orders are accumulated to fill a semi-truck. This minimum order of \$250.00 is required as the trucking concern under contract will make only a limited number of stops per trip. **TRUCKING CHARGES ARE A CASH TRANSACTION AND ARE DUE TO MONROVIA NURSERY IMMEDIATELY AFTER DELIVERY OF STOCK. DO NOT PAY THE DRIVER.**

LANTANA SPREADING SUNSHINE T.M.R.

Another hybrid of outstanding merit is added to this colorful line of spreading shrubs by Monrovia Nursery Company. More excitement will be stirred up by this one . . . its flowing habit is continuously covered with cheerful rich sunshine yellow blooms. The low compact branching habit of growth is richly dressed with lush foliage of deep emerald green. Very desirable for the exotic setting, most successful as a ground cover. Here it tops a wall and spills gracefully over the front. See page 57 for sizes available.

LANTANA TANGERINE T.M.R.

A dazzling new introduction with outstanding rich green foliage on the low spreading evergreen form. The luxuriant background presents the masses of radiant tangerine blooms in their magnificent glory. This eye-catching, rich tangerine coloring presents many new uses for the introduction. Planter boxes, gay hanging baskets, colorful borders, striking ground covers, accent plants, or as used here filling and brimming over the sides of a large patio bowl, are a few ideas for its use. See page 58 for sizes available.
